## CHANGE ATTITUDE TOWARDS MEXICO

### SENATOR FALL OF NEW MEXICO URGES REPEAL OF NEUTRALITY RESOLUTION

## PRESENT POLICY UNFAIR

### Huerta Takes Arms Across Border Which is Forbidden Opponents. Smith Would Take Lower California

By Associated Press.  
WASHINGTON, D. C., June 27.—Debating senators urged a change in the attitude of the United States toward the warring factions in Mexico.

Senator Fall of New Mexico, attacked the present policy and asked a repeal of the neutrality resolution of the last congress. Arms are permitted to cross the border to the Huerta faction, he said, but are prevented by armed forces of the United States from going to the opposition faction. He praised Wilson for refusing recognition to the assassin of President Madero as the established government of that republic, but declared the practice of the administration in relation to the export of arms, resulted in retaliatory steps toward American citizens that no other nation would permit.

Senator Smith of Arizona advocated the United States taking possession of lower California as compensation for Americans killed and American property destroyed in Mexico.

Senator Bacon, chairman of the foreign relations committee, said the solution of present difficulties lay in Mexicans constituting the educated classes taking up arms to establish order. There are enough educated men in Mexico City alone to establish order in the whole republic. Attempt by the United States to protect American citizens in Mexico by force of arms, means intervention and occupation probably for all time. Senator Bacon assured the senate committee he would soon consider the question.

## Maine Election Attracts Attention

AUGUSTA, Maine, June 27.—Although the special election in the Third Maine district to choose a successor to the late Congressman Goodwin will not be held until September, the contest is already beginning to attract wide attention. The situation as it appears at present is full of interesting possibilities.

The late Congressman Goodwin, Republican, was elected in September last over Gould, Democrat, the sitting member, by a plurality of only 795. Mr. Goodwin's victory was attributed to his personal popularity, his long acquaintance with Republican politics, and the profuse association with Thomas B. Reed.

The September election was held while the truce between the Republicans and the Progressives was in force. The Progressives had no candidate in the field, and those who desired to flock apart from the old parties had to choose between the Socialist and the Prohibition tickets. In all the minor parties had less than 800 votes. Now the spirit of Maine politics has undergone a change and it is expected the Progressives will have a candidate of their own in the coming election. With a three-cornered fight among the Democrats, Republicans and Progressives, the result will afford an excellent opportunity of measuring their comparative strength and of noting any changes in political sentiment that may have come over the voters since the general election of last November.

## WILSON GIVES UP VACATION TRIP

### MAY GIVE IMMEDIATE CONSIDERATION TO DISSOLUTION OF U. S. MERGER.

By Associated Press.  
WASHINGTON, D. ## Granddaughter of John Bright Offers \$60,000 for Children

Mrs. Edith Wilson, a young and charming New York woman of great wealth, recently expressed her willingness to contribute \$60,000 toward a fund to be used in establishing in New York City a permanent home of beautiful and inspiring entertainment and training for children. What she proposes is a children's house, to embrace a theatre, library, reading and rest rooms and a training school for promising talent—such an enterprise to be self-sustaining after the needed working capital is provided, with its benefits and service with easy means of even poor families. Whether such a plan will be worked out successfully depends, says Mrs. Wilson, on the co-operation and interest of the general public. If the house is established, it will be operated as a regular business, the profits, if any, to be devoted to new developments. A part of the plan contemplates the establishment of a company of players which will give the leading entertainments in the larger cities, with the hope that the children's houses will be established in many of them.

Mrs. Wilson is a granddaughter of John Bright, the famous English statesman of his day, and a niece of Lord Bambergo. She herself is an American girl, who though possessing great beauty, has preferred not to return to society since the death of her husband three years ago. She devotes herself to the care of her young son, to private benefactions for children, and to the care of her properties.

## COTTON THREAD PUT ON FREE LIST

### THIS WAS DEMANDED BY PLAN OF REDUCING COST OF LIVING

## THROUGH CAUCUS MONDAY

### Provision Was Made for Many More Deputy Revenue Collectors, Made Necessary by Increased Business

By Associated Press.  
WASHINGTON, D. C., June 27.—The Senate democratic caucus determined to add cotton sewing thread to the free list despite objections from members of the finance committee. The revenue from this source is estimated at two hundred and twenty-five thousand dollars, is considered inconsequential when consistency required reduction in the cost of living. Other amendments to the cotton schedule were accepted. Chairman Simmons hopes to get the bill through the caucus Monday night. The majority of the committee tonight agreed to the administrative amendment, providing for eight-six additional deputy collectors of internal revenue. The estimated cost of collecting this tax, is one million two hundred thousand dollars yearly.

## HIGHWAY MEETING NOTABLE SUCCESS

### AMARILLO, RATON, CLAYTON AND TRINIDAD DELEGATIONS MAKE GLOWING REPORT

## REACH CITY LAST NIGHT

### New Organization Known as Western Division, Colorado-to-the-Gulf Highway Association

Driven overland for a distance of 300 miles since leaving San Angelo Thursday afternoon at 12:30, the four cars containing the Amarillo, Clayton, Raton and Trinidad delegations to the highway meeting at the Tom Green capital Wednesday, reached Amarillo last night shortly after 10 o'clock.

The party was met outside of the city by President J. E. Bryant of the Chamber of Commerce, J. L. Nunn and others, and escorted to the city. Though worn with continuous travel, the highway enthusiasts wore smiles of satisfaction over the success of the San Angelo meeting, and declared they accomplished all that was hoped for or planned in advance.

"It was a great meeting," said Secretary Holman of the Chamber of Commerce, "and the organization of the Western Division of the Colorado-to-the-Gulf Highway Association was perfected and will fall strongly in line with the Panhandle Division to the end that the two may be made the most popular and satisfactory tourist routes in the Southwest."

"Three hundred delegates were in attendance from all important points on the route, ranging from Trinidad to Corpus Christi and enthusiasm was notable. The organization was perfected Wednesday with the following officers: A. T. Jackson, San Angelo, president; Prof. J. T. Conway, Raton, N. M., first vice president; D. E. Colp, San Antonio, second vice president; B. O. Brown, Plainview, secretary-treasurer; E. Ross, Plainview, route supervisor. The next meeting will be held in Trinidad on the fourth Wednesday in June, 1914."

"San Angelo is a charming young city and accorded the highway delegates the most generous hospitality. A big barbecue at the Concha Vista Club, and a dance at the San Angelo club were features of entertainment provided, and these furnished the visitors with enjoyable variety from the routine of hard work necessitated by the organization."

"The spirit of get-togetherness was strong, and plans, backed by unity of purpose, were set in motion which cannot result in other than great good for all the points which will be touched by the highway."

## DAWSON COUNTY GOOD ROADS ASSOCIATION
